Author A.R. Grosjean

Author of Mother of the Dragons, Peterson Estate series (Birth of the Witch, A New Beginning, and more coming soon), Spawn of the Curse, and coming soon Cursed Blood: Bloodline Curse. I also wrote Stolen Identity under my full name Amber Rigby Grosjean.

When she was young, she was bullied and teased. It was so bad that she even tried to end her life, when she was 10 years old. It didn't work, but at the age of 11, she discovered writing and it changed her life forever. It helped her escape from the pain. Suffering from depression and anxiety, she needed an outlet.

When I met her husband, he taught her to be a better person. Even though she still suffered from depression and anxiety, she didn't need writing to escape. Now she simply writes to bring a little brightness in someone else's life.

It took 20 years to publish her first book. She never gave up even though people told her, she wouldn't succeed. She adopted the phrase, "dreams really do come true", because it is very true. If you have a dream, don't give up on it.
