

The Raspberry Noodles Kid's Adventures

Oodles and Skoodles Of Friends by Dr. Linda Barboa and Jan Luck

Oodles and Skoodles of Friends is a remarkable book for children preschool to 2nd grade.

It is filled with delightful illustrations. The energetic alliteration and rhyme capture the imagination and hold the attention of young children.

There is an underlying theme of friendship and acceptance as children learn number concepts by counting a variety of friends.

5 Star Review: Oodles and Skoodles of Friends is an impressive book of rhymes designed to delight any child. Colorful, beautiful illustrations by Louise Bremer will capture your child or grand-child's imagination as you read (or they read) the short, playful rhymes that describe what is going on in each illustration, while teaching your child to count.

The theme is friendship among ten friends referred to as the Raspberry Noodles. Each colorful drawing shows an activity like painting a mural of dragons on the wall, tigers at the Tarrytown Zoo, tea party among friends, eagles in flight, counting dairy cows in the pasture, magic trick, playing hopscotch, kittens galore, growing pumpkins, and playing baseball.

Every young child from preschool to second grade will enjoy hearing and reading this book. This book will make a great gift for all boys and girls. Please purchase many of these books and donate to your local children's library, church library, daycare library, grade school library, homeless shelter and the many non-profits who provide for families after a natural disaster around the world.

Author Linda Barboa teams up with Author Jan Luck to give children the Raspberry Noodles Kid's Adventure Series. Children will enjoy all these titles, 'Oodles and Skoodles', 'Learning Manners With The Raspberry Noodles Kids', 'Lost Dog Doodles', 'Scared Of Santa', and an extra books titled 'Service Dog Dingo'.
