

### **Alter Ego (The Davenport Decrees Book 1) by Tory Allyn**

At Granite's Mill, deep in the backwoods of Virginia, a body is discovered with unusual physical characteristics. By morning, the media erupts over a headline in a local newspaper, 'The Son of Virginia's Governor is Missing'.

FBI Special Agent Jack Stanwick is handed the case. Realizing he'll have to go outside the brethren, Jack marshals the help of an old friend, Raymond Davenport, who hung a sign on a renovated brownstone in Washington, DC, with the verbiage: Davenport Detective Agency. To assist him, he hired three former police officers from various precincts, who like himself, blew the whistle on dirty cops only to deal with the fervent hostility from the brotherhood.

With the investigation under way, the detectives stumble upon a group of men known as M.A.G.O.C., who're muddled in a governmental conspiracy involving a top-ranking official at the White House. With their many resources, they dig further and unearth Prescott Chemicals. Years earlier, the owner and his lead chemist had stolen an elixir from the Mayapo natives of the Amazon rain forest and have transformed it into a formula to be used in a congressional scheme.

When the detectives accidentally come into contact with the new formulation, something undesirable happens to one of them, altering his life forever.

**Review by Ricky:** 5.0 out of 5 Stars This is a great book October 12, 2014. Format: Kindle Edition Verified Purchase.

“This book is full of mystery, suspense and drama. It has the great pacing of a Dan Brown novel but with a higher standard of writing. Clear descriptions and authentic details make the story utterly believable every step of the way. Tory Allyn has demonstrated a level of confidence and expertise that you so rarely see from a debut author and I would not be surprised to see this planned trilogy achieve a high level of success. This is a great book.”

**About The Author:** Tory Allyn currently resides in Upstate New York. Although born in Syracuse, he was raised in the quaint town of Baldwinsville with his brother and two sisters, who drove him into becoming the zany person he is today. As a child, he made up many a tale. Some funny; others dark and brooding, but all started him on the path to writing. Today, his nephew, lovingly referred to as "The Monster Child", is his partner in crime. Most days, you will see them playing ball at a nearby park, going for a dip in the backyard pool or snowboarding down a popular mountainside.
