

Parsley, Sage, Rose, Mary & Wine (The Bloodline Series Book 1) by Lynda Rees and Sarah Strange

Widowed Lemon Sage Benton starts over in rural Kentucky horse country. A murder victim forces Sage and sexy Sheriff Wyatt Gordon together, and the killer targets Sage. They clash at every turn, but intense attraction is undeniable. Wyatt's daughter wants Sage out of the picture.

Wyatt's political aspirations conflict with the life Sage wants. Will Sage survive and win the sheriff's heart? Or will she throw Wyatt over for his friend, billionaire cowboy, Levi Madison?

Review by Lola j: Loved this story! And enjoyed ready about sage's dog Tuffy and Crocket, too. I'll be buying the Blood and Studs and other books next. Your stories can easily make good movies for the Hallmark channel!

Review by Melinda: I am nearly done with the first one and I love it. You are a great writer

About The Book: "Parsley, Sage, Rose, Mary & Wine" is the first book in a series called The Bloodline. I like stories that show different points of view but sometimes it can be too much. Switching from different characters can be a head spin but I think the author did a great job with this book. You get points of view from Wyatt, Sage and Leah. Hailey, Rose, Leah and Reggie were some of my favorites. Each dealing with the hit's life gave them and fighting to recover. Each weary of love and friendship. Each experiencing new things that could bring them into the light or snuff it out forever.

When, after a tragedy Sage decided it was best to do what she always dreamed, organic farming. It might be hard work but she's ready for it. As the town sucks her in and makes her one of their own, she is hit with tragedy again and must decide if she's able to survive it.

Wyatt doesn't have a lot of things he loves, his town, his daughter, his job and possibly Sage. She catches his eye like nobody else and her dog, Tuffy, is too much. She's independent and refuses to ask for help

and most times that frustrates the hell out of him. When a tragedy strikes too close to home, he knows he has to be there for his girls and help them through it. Not only that but he has to do his job to the best of his ability.

From The Author: I hope you enjoy my work and we become life-long friends. Time for Romance! Love is a dangerous mystery. Get the latest book deals, exclusive content and FREE reads by subscribing to my newsletter. Lynda Rees (lyndareesauthor.com).

From The Inside Flap: Sage discovers a murder victim and clashes with the sexy sheriff. Attraction is undeniable. His teen wants Sage gone, and his political aspirations conflict with Sage's dream. When targeted, can Sage face an assassin and win the sheriff's heart, or throw him over for a wealthy racing tycoon?

From The Back Cover: After her husband's violent death, Lemon Sage Benton pursues her dream of rural Kentucky horse country. When a murder victim is discovered Sage and sexy Sheriff Wyatt Gordon clash at every turn, but their growing attraction is undeniable. Wyatt's jealous teenage daughter, Hailey, wants Sage out of the picture. Wyatt's political aspirations conflict with the life Sage wants, and she won't try to change him like his ex-wife did. Can Sage give up her dream for Wyatt? Who survives when the killer targets Sage and Hailey? Can Sage face the assassin, gain Hailey's affection and win the sheriff's heart? Or will she throw Wyatt over for his friend, wealthy racing tycoon, Levi Madison?
