Papaw and Malia Adventure Series.

Papaw Bob and Malia love to take long walks together and explore. On their walk today, they saw new buildings, signs and new trees.

When they walked through a new park, they were surprised to see a man sleeping under a bush. Malia becomes concerned that the man doesn't have enough to eat or has no way to keep warm. What can she and Papaw do to help?

Review by Kujo: 5.0 out of 5 Stars. A wonderful family book. This book was absolutely wonderful. My niece and nephew loved it, and the message that it promotes is wholesome and needed today. I look forward to the future books!

Review by John Strong: 5.0 out of 5 Stars. Great Book about Current Times. I love this book I think it's a great book to show homelessness through the eyes of a little girl and it shows the love her grandpa, and compassion for others. Can't wait for more from this author.

Malia Gets A New Puppy by Bob Freeman

Papaw and Malia Adventure Series.

Papaw had been gone away to work for a long time. He missed Malia, so he had been sending her little surprise packages.

This time when Papaw came home, he was bringing Malia a new puppy. She was so excited. Her name is Lily because she is white and tall like a lily flower.

Lily and Malia were instantly best friends.

Review by Karen Cheatham: 5.0 out of 5 stars Great kid's book. I love these books because they leave you waiting on the next adventure.

Review by Lucinda Pesek: 5.0 out of 5 Stars. The gift of a puppy, a little girl, her grandpa...the perfect formula for a good story. Bob Freeman hopes his readers enjoy his stories. I certainly enjoyed this one! Malia Gets a New Puppy is as innocent and pure as any story about a girl receiving a puppy from her Pawpaw can be. Pre-schoolers and early young readers will like the easy, relatable storyline. I, for one, will look for more of Bob Freeman's stories.

My Sister Thinks That She Can Cook by Bob Freeman

When I was growing up, my older sister babysat for her four siblings a lot. She was about 12 years old when she started. We were all younger than her. As time passed, it was more often and for longer periods of time. Sometimes, she would feed us. Which meant she cooked. We always teased her about some of her meal ideas. The food was always fine, actually delicious, but the sibling rivalry in us made it good teasing fodder. This is a bit of an exaggeration about that time in our childhood.
