Black Wing Sky by Kaylin McFarren

Epic Fourth Installment In The Gehenna Series!

When Lucifer's soldiers captured his brother, the Seven-Star General of the Archangel Army of Heaven, Samara Daemonium thought it was the turning point in the war. Victory for Hell was on the horizon, as was a peaceful future with her soulmate, Damian Hunter.

Now, a deadly new threat on Earth's sister planet has emerged. Fire-breathing dragons are being led by Vetis Kidadl, otherwise known as the Black Dragon, and he's determined to destroy Nexus and all its inhabitants. After volunteering to help Blade Saxe defeat this invader, Samara is tasked with finding a weapon strong enough to kill him—a mission made more difficult when she's kidnapped and forced into submission by none other than Kidadl himself.

In this epic fourth installment in the Gehenna series, two thought-provoking questions arise. Can Samara defeat the Black Dragon, return to Middle Earth with her son, and find the happiness she so richly deserves? Or will Lucifer and his daughter Lucinda succeed in destroying the entire Daemonium family?

Review by David Beaumier, Chanticleer Book Reviews: 5 STARS! Kaylin McFarren expertly weaves a tale of salacious and sinister power struggles in Black Wing Sky. Through McFarren's masterful storytelling and

vivid descriptions, readers will be fully immersed in this epic tale until the end. Black Wing Sky will keep readers on the edge of their seats as they race toward the epic conclusion of the Gehenna series.

Review by D. Donovan, Sr. Reviewer, Midwest Book Review: McFarren's ability to build character tension based on surprises, transformations, and shifting alliances keeps the action swift and the predictability of the outcome satisfyingly mercurial.

Review by Bella G. Wright, bestthrillers.com: War between heaven and hell has never been this sexy. Sara J. Mass fans may find a new favorite author in Kaylin McFarren.

Review by Akram Herrak, Independent Book Review: It is a cornucopia of fantasy elements and characters in a story that is sure to surprise you.

Review by Self-Publishing Review: With fast-moving storytelling, intense erotic passages, and enough emotional weight to keep readers invested, this novel is a hard-edged romantic fantasy that comes to vivid life on the page.

Review by Manik Chaturmutha, Pacific Book Review: The author demonstrates excellent storytelling skills, making this book an engaging fantasy fiction novel captivating readers from beginning to end.

Review by Suzie Housley, Midwest Book Review: Kaylin McFarren expertly weaves a tale of salacious and sinister power struggles in Black Wing Sky. Through McFarren's masterful storytelling and vivid descriptions, readers will be fully immersed in this epic tale until the end.

From The Author: I've come to believe life is not a journey to the grave with the intention of arriving safely in a practically new, well-preserved body, but rather the overdue delivery of a thoroughly used up, totally worn-out body that merits proclaiming loudly, "Wow, what a ride!"

That is how I've led my life thus far and will continue to do so.

What inspires me most is the number of people in this world who risk it all with no barriers or perimeters securely tied in place. They experience all life has to offer and don't look back with regrets or what-ifs. That old adage applies in this case. Life brings tears, smiles and memories, The tears dry, the smile fades, but the memories live inside you forever.

I have learned my lessons the hard way. After two suffering strokes and being left with inability to talk, I simply carry on with my writing and dismiss the small stuff. I hide my sorrows under a smile and take one a day at a time. I've discovered by reaching my limit of productivity and exceeding it is not nearly as important as my family's unconditional support when I need it most.

From The Inside Flap: RELUCTANCE

- Nexus was peaceful with dragon fights in the round.
- Betting on winners, loser's blood on the ground.
- Rebellion brewing, thirty dragons attacked.
- Nexus cities were destroyed and ransacked.

- Soldiers arrived with carbines, ammo, and food, hiked Kidadl's mountain on rocky ground they stood.
- Sam killed the villain, dumped his body in sea.
- She was joined by two others needing to flee.
- Sam gave birth to twin boys but her joy was short.
- Satan's plot to kill her clan ended in court.
- Surprise for angel, adventure premise, threatened soulmates' bond, saved by a heartfelt kiss.

Here Is Book One, Two, and Three In Kaylin McFarren's Gehenna Dark Horror Fantasy Series

Soul Seeker by Kaylin McFarren

Gehenna Dark Fantasy Series Book One.

While awaiting his execution for murdering his son, Benjamin Poe confesses to his lawyer the true story behind his crime, a harrowing tale of a manipulating, soul-collecting demon named Crighton.

Following Poe's death, Crighton continues his malevolent duties, until he's kidnapped by members of The Sovereign Sector. This group of scientists, notorious for experimenting on supernatural creatures, forces Crighton into a soulmate relationship with the very angel he was sent to capture for Lucifer.

However, with secrets revealed and loyalties shifting, Crighton soon becomes the target of Lucifer's revenge, and his journey to redemption and freedom—or eternal enslavement—begins.

5 Stars: Compelling story will draw you into the plight of Benjamin Poe!

The story is told by Firefighter, Benjamin Poe. The location is the Lochton Correctional Institute. Within the concrete walls of this maximum-security prison, Benjamin Poe waits on death row. Legal Counselor, Pierce Beaudoin has agreed to hear Benjamin's account of who his intended victim was, when he put six shots into his son, Gabriel.

For those of us who follow Award Winning Author Kaylin McFarren, her new paranormal mystery "Soul Seeker" will resound, as one of her best.

Chapter One opens as Benjamin Poe goes about his normal routine. That is until Benjamin's fire house responds to multiple alarms at 2381 Hudson Drive. The Fire at the College Inn was the beginning of the end. This event will mark the time Benjamin Poe discovers that the world is full of monsters, with dark souls, waiting to devour humans. This tale examines the role of a "soul seeker" as it reveals the impending fate of Benjamin Poe.

I bring you into the story in Chapter 21 where Lucifer is "pacing before his massive throne".

...His bare feet pounded the chiseled stone floors, echoing throughout the room. Demons in the royal hall kept their heads down, avoiding eye contact while keeping a safe distance. Lucifer was in such a foul mood that he would kill them on the spot if they drew any negative attention.

...Crighton's mother, Acadia, stood at the side of his throne, fidgeting with worry. For more than forty-nine human years, she had stood by him, a trophy in his dark kingdom for others to envy and admire. Time had no relevance, and each year in Hell was twice as long as Earth years, and a hundred times harder for Acadia.

...The devil's voice boomed out from the darkness. "Where is he? If your son tells me he failed, I'll cut off an arm."

...He halted his steps and turned to his assistant. A glimpse of satisfaction sparked in the devil's smile.

... "Is he right or left-handed?"

... "Lucifer, just give him a few more hours!" Acadia pleaded. The devil's threat was causing her hands to tremble. "You know that humans have been capturing our kind more than ever before. I've heard rumors that the Sovereign Sector is active again. They are responsible for the deaths of more than fifteen of our kind, and I fear for Crighton's safety."

... "Hmm . . . a few more hours? Your son hasn't failed me yet, but do not defend him if he comes back without a soul. If that happens and humans are responsible, a swift punishment will be delivered. He's been training for decades and should be able to handle any- thing those weak fools could throw at him. He even had theology training to use scripture against foolish, religious beings."

Within this one man's story, Author Kaylin McFarren creates a new narrative, about the battle between good and evil. In "Soul Seeker" by Kaylin McFarren, the author uses fantasy, to explore a theoretical world, where relationships between angels and demons exist.

This compelling story will draw you into the plight of Benjamin Poe. I hope you enjoy this book as much as I did. I invite you to read all Kaylin McFarren's books: Soul Seeker, Banished Threads, Buried Threads, Severed Threads, Twisted Threads, Flahertys Crossing, and High Flying.

Editorial Review (Book Marketing Global Network)

From The Author: We would all like to believe that a heavenly being is ever present in our lives -- watching over us, whispering messages of hope, protecting us from threatening situations, and guiding us through the inevitable stupidity we inflict upon ourselves. When it comes to subjects regarding these feathery benefactors, there are a remarkable number of books written regarding near-death experiences and visitations, often in the most unlikely places. There are also a great many books that concentrate on the battle of good and evil and, occasionally, a fallen angel or two that we tend to sympathize with, even though we're not supposed to.

Years ago, as an avid reader, I thoroughly enjoyed picking up a racy novel from time to time, especially when the story dealt with forbidden love. I found myself, as readers often do, beseeching the bad guy to see the light and end his evil ways. Or the handsome, musclebound rogue to curtail his philandering, after meeting the love of his life. Every action-packed romance story is an escape from reality -- a way to live precariously through characters in an imaginary world where the victorious hero walks away with the prize of his or her victory.

Every book I write includes a large serving of suspense and adventure, and there's always a romantic encounter to top it off, simply because I enjoy the uplifting feelings these invoke. However, this book, in many ways, is very different from anything I've written before. While bringing together these page-turning genres, I also incorporated a touch of fantasy, by creating a surreal, theoretical world in which relationships between angels and demons exist. This is done purely for the enjoyment of my readers and not a declaration of my religious beliefs. So please enjoy this story with an open mind and overlook any errors in my imagination.

ANNIHILATION by Kaylin McFarren

Gehenna Dark Fantasy Series Book Two.

With the death of Lucifer, Queen Lucinda assumes control of Hell, ordering her soldiers to prepare for a doomsday war with Heaven. Craving eternal power, she devours the souls of gifted demonic beings, acquiring their abilities to destroy her perceived political enemies.

Meanwhile, the Black Crows meet with the Knights of Darkness in their hidden headquarters, plotting against Lucinda in their efforts to maintain peace and the balance of power. Consumed by hatred over Crighton Daemonium's unrequited love, Lucinda is unaware of the secret conspiracy brewing, or that Lucifer's spirit has returned to Hell inside the body of a soul-trapped demon.

Reclaiming his throne, Lucifer punishes his daughter for her act of treason. However, his obsession with Samara, Crighton's beautiful daughter, leaves him incapable of controlling his stolen body. After forcing her into submission, he names Samara the new Queen of Hell yet continues his authoritarian rule. When an insurgency breaks out on Earth, he becomes distracted long enough for her to be kidnapped by Nexus rebel forces, believing her to be the prophesied savior of their planet.

Is Samara the Phoenix, destined to destroy Lucifer? Or is she his soulmate and the true Queen of Hell?

Awards: 2021-2022 Reader View bronze medal winner in Erotica and Horror categories; 2022 Independent Press Awards Distinguished Favorite in the category of Horror; 2021 Incipere Awards silver medal winner in Romance category; 2021-2022 Global Library Awards Winner

5 Stars: “Satan consumes souls and is coming for yours.”

For those of us who read *Soul Seeker* by Kaylin McFarren, *Annihilation* is the long-awaited sequel. Keep in mind that *Soul Seeker* is the story of a maligning demon told by firefighter, Benjamin Poe. Within the concrete walls of the maximum-security prison, Poe hopelessly waits on death row. His fate marks the beginning of the battle between good and evil, where relationships between humans, angels, and demons *do* exist.

Author Kaylin McFarren begins *Annihilation* with a poem, as she does with all her books, preparing readers for what is about to unfold. “So, latch windows, lock doors, turn on every light, horned demons are coming in the dark of night. Beware of the shadows in long corridors, Satan consumes souls and is coming for yours.” This sets the stage for a frightening, unforgettable tale.

The Prologue for *Annihilation* begins with the following scene: “The nightmare rushed back into Samara Daemonium’s thoughts, leaving her gasping for air. Tangled up in her sweat-soaked sheets, she stared down at the demon-killing knife half-hidden in her nightstand drawer. A twist of darkness remained tightly coiled around the blade, concealing any trace of blood still clinging to it, but the horrifying memory of how it was used would be seared in her mind forever. Was it only two months ago when it happened? When her world came crashing down?”

As the story progresses, it is the ‘Beginning of the End’ when two regiments of ram-horned, cloven-hoofed demons march through the blazing corridors of Hell in preparation for the Red War against Heaven. McFarren invites you into her dark fantasy, where a demonic community, based on the normality of our human existence, resides in some weird twelfth-dimension universe. This absorbing story focuses primarily on Samara Daemonium, Crighton’s rebellious daughter, and introduces some unforgettable characters along the way. In this second installment in the Gehenna Series, Samara faces the challenges of surviving on Middle Earth and in the Underworld, and believe me, this story isn’t for the faint of heart. In fact, *Annihilation* is truly absorbing, shocking at times, and virtually impossible to put down!

I invite you to read *Annihilation* (Gehenna Book 2) by award-winning author Kaylin McFarren, but don’t forget to read *Soul Seeker* (Gehenna Book 1), which introduces you to this paranormal/supernatural series. Next enjoy her popular *Threads* psychological thriller series, and finish with her book *Flaherty’s Crossing*, as we patiently wait for the third book in the Gehenna Series to be written.

Editorial Review (Book Marketing Global Network)

From The Author: The apocalypse was supposed to happen on October 21, 2011. American radio host Harold Camping had arrived at this prescribed date through a series of calculations that he claimed were based on Jewish feast days and the lunar calendar. In addition to his claims about the end of the world, he also predicted that on May 21, 2011, at precisely 6:00 p.m., God's elect people would be assumed into heaven, in an event he called the Rapture. Those who were not raptured, he said, would have to remain on Earth to wait for their doom five months later. According to media reports, some of his followers quit their jobs, sold their homes, and invested large amounts of money in publicizing Camping's predictions. When the Rapture did not occur, Camping re-evaluated his predictions saying that the event would take place simultaneously with the end of the world. After October 21, 2011, the self-proclaimed prophet stated that "nobody could know exactly when the time of the apocalypse would come."

Exactly. So, why do we continue to dwell on the end of time when we're enjoying the best years of our lives now? When the world stops spinning, hopefully not for at least 5,000 years, we can only pray that future generations appreciate the sacrifices made by past generations, and that the beauty that surrounds them continues to thrive. The creations and inventions that brilliant minds develop on a daily basis will someday surpass anything we've imagined possible. In my younger years, there were no cell phones, personal computers, or flat-screen televisions. Now, everything seems to be designed around comfort, flexibility, beauty, and affordability. However, while I'm living and breathing on this planet, poking fun at our "normal" existence and expectations by producing colorful, off-the-wall literature will remain to be my greatest pleasure.

Isn't it more fun to believe that a demonic community, based on the normality of our human existence, resides in some weird twelfth-dimension universe, welcoming demons, and angels into their fold? This is why I write...simply to stretch the imagination and to thoroughly entertain. Kaylin McFarren

Requiem For A Queen by Kaylin McFarren

Gehenna Dark Fantasy Series Book Three.

Forced into captivity by Lucifer and crowned as his queen, Samara Daemonium struggles daily with her identity and daunting duties in Hell. She belongs to a race of Nephalem—hybrid beings who are half angel and half demon—and although she wields the powers of both supernatural species, she has yet to discover her formidable prowess and potential.

In the Outer Rim of Hell, Lucinda continues to plot her father's demise and her ascension to the throne. Believing Lucifer plans to bypass her as Hell's next ruler, she kidnaps his new heir and has every intention of killing him.

Meanwhile, Samara is faced with the threat of death for her part in an invasion. Her survival depends on revealing a dark secret, giving her no choice but to depend on Lucifer and his Tracker Demons.

Ultimately, Samara's journey to self-discovery instills in her the importance of family and friends, and reminds her that belief in the impossible is the assurance of things hoped for and the conviction of things not seen.

Reviews:

"The beauty might not hit you until after you've finished the whole thing. Readers who enjoy occult and fantasy will LOVE Requiem for a Queen." - Manik Chaturmutha, Independent Book Review

"I thoroughly enjoyed this intriguing story from start to finish. If you love dark paranormal stories and supernatural fantasy, be sure to read all three books in the Gehenna series: Soul Seeker, Annihilation and Requiem For A Queen." Editorial Review (Book Marketing Global Network).

5 Stars: Samara Daemonium's strength and resilience never ceases to amaze.

For those of us who are completely absorbed in the dark fantasy Gehenna series by award-winning author Kaylin McFarren, I can only say, "Read on!" For anyone who hasn't experienced a book in this series, I urge you to begin with book one, Soul Seeker, and continue reading each book in this jaw-dropping series until you reach the end. Believe me, you'll be glad you did!

Requiem For A Queen (book three) has been highly anticipated, and I assure you, it is well worth the wait. No matter which book in the series you've chosen to read, the passion, drama, and intrigue is mind boggling. Demons thrive and battle for power in the "creature world" McFarren has created, and while each story focuses primarily on Lucifer and his power-hungry daughter, Lucinda, a new up-and-coming hero is in making. Samara Daemonium, a Nephilim being, is flexing her muscles in this book and proving she's a force to be reckoned with.

As this story unfolds, the Red War continues to rage between Heaven and Hell, and Samara Daemonium is being hunted by the entire kingdom of Hell. She finds her way to the sand cave where the Shapeshifter, Onoskelis, is hiding from Queen Lucinda. As if the threat of death isn't enough, Samara gives birth to Lucifer's son, wrenching up the tension in this page-turning story.

Lucinda separates Samara from her son and is determined to eliminate the new heir to the throne. While searching for him, Samara is captured by Lucifer once again and faces the threat of death for her part in an invasion. Seeing no way out, she reveals the secret of Papillon's birth and is ultimately left with no choice but to depend on Lucifer and his tracker demons.

As the search for her son continues, Samara's strength and resilience is put to the test. But that's not all. Botis, a demon hunter, is on a quest to find Lucifer and to stop the atrocities committed against angels and humans alike. Are they on a collision course in this complex, plot-driven story? Will Samara end up being a lost soul in Hell or a defiant angel in Heaven?

I thoroughly enjoyed this intriguing story from start to finish. If you love dark paranormal stories and supernatural fantasy, be sure to read all three books in the Gehenna series: Soul Seeker, Annihilation and Requiem For A Queen. I understand a fourth book is currently in the works too, and there's no way of knowing where this fascinating cast of characters will end up next.

Editorial Review (Book Marketing Global Network)

From The Author: According to Perry Bysshe Shelley, "Power, like a disease, pollutes whatever it touches." In other words, many characters in literature become corrupted because of their quest for power. I fully agree with Shelley that power "pollutes everything that it touches" because having too much power concentrated in the hands of one person leads to a dictatorship and has bad consequences. "Power is the root of all evil" is another interpretation of Shelley's statement. This idea is demonstrated in the plays Hamlet and Macbeth, both by William Shakespeare, in which major characters lead themselves to their downfall by trying to become the most powerful person in the room. In fact, in both plays many major characters die because of one person's ambition to become a powerful king.

In Hamlet, Claudius murders his brother, marries his former sister-in-law, and ascends to the throne of Denmark. These three deeds are performed by a shrewd and self-serving man. The king will do almost anything to protect the throne, in spite of knowing that he did not rightfully earn it. He resorts to underhanded tactics such as spying, manipulation, and deceit in order to overcome whatever he perceives as a threat to his supreme position. But what if a power-hungry queen was the culprit in this play? Would she be viewed simply as a figure head and remain neutral with respect to political matters? Or would she be the ultimate bitch? By convention, the queen does not vote or stand for election. She is purely a figure head in more ways than one, and maintaining relevant relationships is her singular focus and primary responsibility.

But what if the queen controlled the military? What if she craved an all-encompassing position in government, like her father before her? What if she could be the ultimate ruler of Hell? Ambition drives this story like many others. But what makes this story unique is the length the queen will go to in order to steal the throne she craves. Doesn't this make a far more interesting scenario? A tale about the extreme measure a woman would go to in order to obtain the power she believes she deserves? Now, that's the kind of book I would read and definitely write.

Threads Series by Kaylin McFarren

Psychological Thriller Adventure Series.

From the Author: For many years, I've had the privilege to experience remarkable things and rare opportunities while traveling the globe. This includes many forms of transportation, ranging from private planes, helicopters, and hot air balloons to kayaks, submarines, and elegant cruise ships. My journeys have allowed me to meet interesting people, discover fascinating cultures, forge lifelong friendships, and introduce dear friends to all parts of the world. Personal experiences, extensive research, and interesting tales shared by business associates have contributed to making this fun character-driven story possible and it's my hope that readers are thoroughly entertained.

Severed Threads by Kaylin McFarren

Threads Psychological Thriller Series Book One.

Award-winning author Kaylin McFarren delivers an action/adventure romance guaranteed to capture your imagination...

Romantic Suspense Novel by Kaylin McFarren: Believing herself responsible for her father's fatal diving accident, Rachel Lyons has withdrawn from the world and assumed a safe position at a foundation office. When called upon by a museum director to assist her former love interest with the recovery of a cursed relic from a sunken Chinese merchant ship, she has no intention of cooperating until her brother is kidnapped by a drug-dealing gangster. In order to save him and gain control over her life, Rachel must not only overcome her greatest fears, but also relive the circumstances that lead to her father's death.

Inspiration Behind the Story: Kaylin has been involved in the business of collecting and selling Asian antiques for more than a decade. Due to her interest in this field and her fascination with the undersea world, she was inspired to write a story about the recovery of a Chinese concubine's cursed treasure from a sunken ship, which aids in healing a woman's damaged soul. Kaylin spent four months researching scuba diving, trade routes, famous battles, and the natural disasters that befell Spanish galleons during the 15th-17th centuries. It is her hope that this action-adventure romance entertains readers and honors dedicated salvaging and exploration companies that have contributed remarkable discoveries and cross-sections of history to museums and institutions around the world.

Reviews:

"I highly recommend this story for people who enjoy romance and suspense. Kaylin McFarren will not let you down! I look forward to future stories in this series." By Paige Lovitt, Reader Views, Chicago Sun Times

"Severed Threads is an exciting and engaging read, simply perfect for fans of romantic suspense." By Blue Ink Review

"Crisp writing and sparkling dialogue that will hold the interest of any reader who enjoys a good mystery story that's well told." By Mark Garber, President, Portland Tribune & Community Newspapers

"The first book in the Threads series is a fantastic read. This romantic suspense is rife with treasure hunters, gangsters, lost relics, and sizzling sex scenes." By RT Review Source

"Severed Threads nicely combines an action adventure with a romantic story that will keep readers involved in the story from the beginning to the conclusion." By Sacramento/San Francisco Book Review

"Severed Threads is an incredibly fast paced treasure hunting adventure that will keep you on the edge of your seat from the first page. Throw in a little romance, drug dealers, ghosts, ship wrecks and a plot for revenge and it leaves you in a constant state of anticipation, waiting for the next chapter. I absolutely loved it and give Severed Threads 5 Boundless Stars." By Boundless Book Reviews

"A psychologically thrilling and adventurous story that includes surprising twists and turns sure to keep its readers at the edge of their seats. The novel will delight readers of all ages with interesting characters, clever plotlines, and an engaging combination of romance, villainy, and the supernatural. Highly recommended!" By The Columbia Review

"This sizzling romance is hot and witty, gripping, and entertaining. American Authors Book Vending highly recommends Severed Threads as one of the books of the year. A book everyone should have in his or her hands." By Peter Jerry, American Authors Book Vending Review

Buried Threads by Kaylin McFarren

Threads Psychological Thriller Series Book Two.

A disturbing prophecy sends a treasure hunting duo on an urgent race to rescue a country in Kaylin McFarren's heart pounding new novel, Buried Threads. Full of erotic suspense and wild adventures, this is one trip that readers will never forget!

Rachel Lyons and Chase Cohen work together as the successful owners of a treasure hunting company. But a seemingly simple assignment—to track down a priceless gem that is believed to be buried in a shipwreck deep within the Sea of Japan—takes a startling, and dangerous, turn.

Faced with a monk's dark prophecy that a natural disaster will soon strike Japan, killing millions, Rachel and Chase must embark on the mission of a lifetime in order to uncover the three cursed samurai swords that can avert the catastrophe.

Chaos ensues as their adventure takes them from shark infested waters and creepy caves to haunted hidden tombs and a confrontation with Yakuza gang members. Time is running out as the prophecy's day of reckoning draws near. Will Rachel and Chase succeed before disaster strikes?

5 Stars: Fast moving, suspense filled, heart beating adventure!

When the mysterious, beautiful Japanese woman with a sword peering from the black sheen of the front cover of 'Buried Threads' – by Kaylin McFarren arrived, the silent beckoning began.

I always know when I am reading a well-researched, well written action-adventure, mystery, romance novel when the plot enters my night dreams. Although I didn't read book one in the series 'Buried Threads' stands well on its own. The author knows how to take a great plot, create believable characters, hold the reader in suspense and spin the tale with mastery.

Unfamiliar with Japanese culture (beautiful customs, geishas, ancient rituals), especially the underbelly of the Japanese society, warlords, and unseen paranormal conflicts the reader will learn a great deal while experiencing writing in its truest art form.

A treasure hunt for lost artifacts that are embedded with precious stones that are not only priceless, but hold a curse that once stood for a "Prince's valor, wisdom, and benevolence".

What would a fast moving, suspense filled, heart beating adventure be without the dangerous, unpredictable interpersonal relationships that leads to attraction, trust, mutually mind-blowing sex and true romance? 'Buried Threads' is all that and more.

Compassion and greed, life and death, fear and resolution, mission and accomplishment, struggle and survival, gratitude and faith are all aspects of this story that can only be summed up as spectacular.

Banished Threads by Kaylin McFarren

Threads Psychological Thriller Series Book Three.

A valuable art collection disappears turning a treasure-hunting duo into crime-stopping sleuths committed to vindicating family members in Kaylin McFarren's action-packed suspense novel, *Banished Threads*.

While vacationing at the stately Cumberforge Manor in Bellwood, England, Rachel Lyons, and Chase Cohen attend an elegant dinner party hosted by her uncle, Paul Lyons, and his aristocratic wife, Sara. Before the evening ends, a priceless collection of Morris Graves's paintings are stolen from her uncle's popular gallery, throwing all suspicion onto his wife's missing granddaughter. Determined to clear Sloan Rafferty's name and, in the process, win Paul's favor, Chase scours the countryside looking for answers. In his absence, the police accuse Rachel's uncle of an unsolved murder and secrets surrounding her grandmother's death and the deaths of Sara's former husbands turn his wife into the most likely suspect.

With the true villains hell-bent on destroying Paul Lyons and his family, solving both crimes while ensuring her uncle's freedom not only endangers Rachel's life but that of her unborn child. Will Chase save them before the kidnapers enact their revenge or will the ultimate price be paid, as predicted by a vagabond fortuneteller?

5 Stars: Mystery drama that expose family secrets, lies and stolen gallery art!

Banished Threads begins on a dreary night in late October. Stargazer sliced through the surface of the North Atlantic at fifteen knots, heading straight for the coast of England. After facing many perils at sea Chase Cohen is relieved to finally be in London.

Quote from Book: “With Rachel by his side “they disembarked from the train at Whitchurch and stepped through the station’s main door, Rachel’s excitement rose at the prospect of seeing her uncle. He was a younger version of her father, with the same chiseled good looks. He would have been easy to spot, even in this busy place. But from her vantage point, he was nowhere to be seen. Believing he had forgotten about her arrival, Rachel’s heart sank. She turned to Chase and was about to voice her concern when she caught sight of a handsome man in the passenger-loading zone: white cable-knit sweater, tight jeans, in his mid-thirties, shaggy brown hair, rugged jaw, easy smile, dimples, and unforgettable emerald-green eyes. He was leaning against a silver Mercedes, flashing his perfect white teeth, and holding up a sign reading, “Welcome to England, Rachel Lyons.”

...For a moment, she could hardly breathe, and she wondered if it was possible to fall over and die from shock. Or maybe from the idea of coming face-to-face with the last person on earth she ever expected to see. Although she had spoken to his Irish mother at a fund-raising event year earlier and was told that Killian was living with relatives in Northampton, she had convinced herself that the chance of meeting him was as unlikely as the sky turning green.

...Killian Reed. His shimmering eyes were loving and warm and full of laughter. Rachel gasped and dropped her purse and over- night bag. She pulled off her high heels and ran to him. He swept her up and spun her around. When he set her back down, she buried her face in his chest and hugged him with all her might. She took a deep breath, inhaling the familiar scent of bay-rum aftershave. He kissed the top of her head, and she gazed up at him. She didn’t realize she was crying until he reached out and wiped a tear from her cheek.

... “I can’t believe it’s really you,” she whispered, gratified to see unshed tears in his beautiful eyes.

... “It’s me, seaweed brain,” he said. “I’m really here.”

...Rachel stood on her tiptoes and wrapped her arms around his neck. He put his arms around her waist and held her close. His hand smoothed her hair as he whispered, “I missed you, girl.”

...She looked up at him and smiled, and it suddenly dawned on her that you meet all kinds of people in your life. Some you never think about again. Some you wonder what happened to and if they ever think

about you. And then there are some you wish you never had to think about again, yet somehow you do. Killian Reed just happened to be one of those disconcerting, unforgettable beings. He was part of her past: a distant, bitter- sweet memory that had lingered for years.

...With their last parting, they had grasped each other's hands with a rush of melancholy, tender, and inexpressible feelings, and had gone their separate ways.

...But time had moved on, and there was someone else in her life now—a silent observer patiently standing by, watching their every move with an annoyed pinch between his brows.

...She took Killian by the hand and led him to Chase. More than anything, she hoped they would become fast friends, but as they shook hands, Rachel found it difficult to ignore the frowns tugging at the corners of their mouths. They both took a step back and just stood there, regarding each other silently, the air now seeming as cold as a razor blade.””

Twenty-two chapters entwine a cast of strong characters in this well written mystery drama that expose family secrets, lies, stolen gallery art, kidnapping engaging readers with suspense and romance. Sit back and enjoy book three of this series where each book can be read in or out of sequence. Author Kaylin McFarren teases us with new tales taking shape in the recesses of her mind that are “only a night's dream away.”

Twisted Threads by Kaylin McFarren

Threads Psychological Thriller Series Book Four.

Akira Hamada is driven by past failure. Two years earlier, she had a chance to kill her greatest enemy—Kaito Mitsui. Instead, the Yakuza boss forced her to become an assassin in his employ. Now Akira carries out the bloody business of the notorious crime syndicate and hates herself more each day.

When Mitsui hears that his sister's murderer will be on the cruise ship Starfish, he immediately tasks Akira with eliminating the man once and for all. This is what Akira has trained for, but a series of strange events on the ship tests her resolve and shows her a way to redemption.

Devon Lyons, on the other hand, has nothing to do with assassins. He's merely accompanying his aunt and uncle, Sara and Paul Lyons, on a free cruise.

Little does he know that the two are the true targets of the charming Japanese tourist he has just met! Akira knows that either Sara or Paul is the killer but doesn't know which one. She hopes seducing the handsome Devon will lead to better intel, but she is surprised to find herself trusting him. And soon, the pair finds themselves fighting for their lives on the high seas.

5 Stars: Start peeling off the layers of this twisted plot!

For all of us following the Threads Series by Kaylin McFarren, Twisted Threads does not disappoint. When we left off with book three, we were wondering if the 'Watcher' would ever deliver justice.

This drama opens with Akira Sato contemplating a "justified killing" and she is lost in the consequences, forced to move forward. Devon Lyons laments over his recent demotion and the emotional sting of a forced Caribbean vacation to please his uncle. Devon's mind and attention soon shifts when Akira calls him "Sexy". Women have called him "clever", "lovable" and "incredibly handsome" but "sexy" has just caught him off guard. With more than romance in the air the voyage brings mystery, suspense and a complex drama with threads so twisted you will keep turning the page.

Here is an excerpt I think you will like: "Akira took the elevator across from the theater, dazed from the four glasses of wine and shot of vodka she had consumed. A few seconds passed, and the doors opened before her. She stepped out into the empty hallway and couldn't figure out which direction she was facing, let alone which way to proceed. She looked down and realized the carpeting under her feet had red and blue medallions—not the gold and blue diamonds, she'd become familiar with seeing. After making numerous trips to various restaurants, she realized she had gotten off on the right floor but on the wrong end of the ship. The enormous staircase on her right led to the upper and lower levels, which should have made it easy to find her way back to her room.

...However, her explorations on the ship had proved that not every floor had immediate access to the passenger levels; many were blocked by restaurants, lounges, and shops.

...Akira decided it was best to start over—to backtrack the way she had come. She pushed the elevator button and waited for what seemed like an eternity. Then a slight sway in the ship's motion caused her stomach to lurch. She needed fresh air to avoid further humiliation. A glass exit door stood waiting a short distance away. She slid it open and stepped outside. Oddly, all of the overhead lights above the walkway were out. It was impossible to see more than ten feet in any given direction. She gripped the safety railing and gazed up at the sky, drawing long, deep breaths. A sudden breeze whipped at her hair, tugging tendrils

loose from her pinned-up hairdo. She wrapped her arms around herself, warding off the chill, and was about to return inside when she heard the sound of a voice.”

Jump right in and start peeling off the layers of this Twisted Plot, that will be worth the read and will leave you wanting more.

Stand-Alone Journey Books (Not In Series)

High Flying by Kaylin McFarren

Skylar Haines has struggled with personal demons most of her life, going to dark extremes to subdue anxieties rooted in her tragic past. On a perpetual hunt for the next adrenaline hit, she discovers a passion for flying and becomes a hard-edged stunt pilot, verging on obsession.

In the sky, following her most daring airshow, she encounters a mysterious storm and almost collides with another aircraft, sending her into a perilous dive. Guided by a mysterious voice, she manages a safe landing but finds herself transported to another time.

Eight months before she was born. One week before her father was murdered.

Though baffled by her circumstances, Skylar soon arrives at a single certainty: Before her lies a remarkable chance to change her family's destiny drastically for the better — or possibly even worse — depending on the choices she makes, before her window of opportunity closes.

5 Stars: Skylar Haines has a decision to make.

High Flying is a suspense thriller, action drama that takes the reader into the life of Skylar Haines.

If you have ever known someone who struggles with mental illness (or perhaps struggle yourself) you understand the dangers associated with inadequate coping skills that lead people to do dangerous acts that affect them and those around them. This book will stir compassion for the main character, Skylar Haines.

Although High Flying is fiction, the author draws on years of writing experience, strong characters, and detailed research to deliver a very compelling story. Time and space are elusive and family history has inherited chains.

I love this quote from the author: "In the beginning, God created man, but things didn't get interesting until man created the airplane and a strong-minded woman to fly it."

Throughout the book the author uses quotes that are thought provoking and leads into each chapter.

With some creative latitude that author brings her main character, Skylar Haines to a point of decision. Having read the authors Threads Series, I am looking am looking forward to where Kaylin McFarren will take us (readers) on down the road.

Editorial Review (Book Marketing Global Network)

Special Message from The Author: "About seven months ago, my husband came up with the wonderful idea of tackling a story about flying that involved time travel as well. It seemed that the perfect opportunity to turn my creative juices loose had presented itself with the completion of my Threads series. Thus, I went to work, creating this romping adventure/romance with an unexpected twist or two that I hope readers will enjoy."

Flahertys Crossing by Kaylin McFarren

Successful yet emotionally stifled artist Kate Flaherty stands at the deathbed of her estranged father, conflicted by his morphine-induced confession of his part in her mother's death. While racing home,

Kate's car mishap leads her to a soul-searching discussion with a lone diner employee, prompting Kate to confront the true reasons her marriage hangs in the balance. When her night takes an expected turn, however, she flees for her life, a life desperate for faith that can only be found through her ability to forgive.

Reviews:

"Even though it is a fictional story, it made me reflect on my own life, and how I shouldn't wait until it is too late to let people that I love know how I feel, or to apologize if I need to". By Chicago Sun Times, Paige Lovitt for Reader Views

"A well-written book, dealing with difficult issues of love, loss, healing, and faith, and never slipping into maudlin territory. A great debut novel!" By Sacramento Book Review

"It is also a novel I will promote to writers to review to see how good storytelling and strong writing can merge with exceptional honesty and create something that will live in readers hearts for many years, and be reread many times." By Terri Patrick

"This story will be with me for many, many years and I am sure that you will find this 5-star book to be with you for just as many!" By Buukluvr

"This story will have your heart so captured and your mind so full of Kate Flaherty that you will see exactly what a true page turning book should be like. This story will be with me for many, many years!" By Marta's Meanderings

From The Author: Kaylin sat before her computer writing Flaherty's Crossing as a source of personal therapy after losing her beloved father to colon cancer. You might say she was angry at him, at God, at the world in general. However, after writing this story, she had the opportunity to really look into her soul and consider the fact that so many other sons and daughters have had to deal with similar and even worse situations. Rather than a memoir, her novel evolved into a fictional journey which brought about the resolution she needed to find. She never expected this exercise in writing to go to press, touch lives, or win literary awards. But as a result of her good fortune, she has arranged for all proceeds from the sale of this book to go directly to the Providence Medical Foundation's colon cancer research department in her father's name. She's now convinced and proudly shares her belief that good things can grow out of the worst times in our lives if you just take the time to open your heart.

About The Author: Kaylin McFarren has received more than 70 national literary awards, in addition to a prestigious RWA Golden Heart Award nomination for FLAHERTY'S CROSSING - a book she and her oldest daughter, New York Times/USA Today best-selling author Kristina McMorris, co-wrote in 2008. Prior to embarking on her writing journey and developing the popular THREADS psychological thriller series, she poured her passion for creativity into her work as the director of a fine art gallery in the Pearl District in Portland, Oregon; she also served as a governor-appointed member of the Oregon Arts Commission.

Her award-winning time-travel adventure, HIGH FLYING, asks challenging questions that will linger long after the final twists are revealed. Jumping to the supernatural-horror genre, Kaylin's clever GEHENNA series leads readers into the pit of Hell, through the mechanisms of secret societies, and across the Earth's crust, ever raising the stakes for her leading duo—a wicked demon and guardian angel presented with shocking revelations.

With each story she writes, this author delivers unexpected twists and turns and keeps her readers on the edge of their seats, leaving them guessing and thoroughly entertained. When she's not traveling or spoiling her two pups and three grandsons, Kaylin enjoys giving back to her community through participation and support of various charitable, medical and educational organizations in the Pacific Northwest, and divides her time between her homes in Portland, Oregon and San Diego, California.

Fun Tidbits: **FUN TIDBITS** Kaylin is proud of the fact that her great aunt Bessie B. Cordell, an evangelistic missionary during WWII, was instrumental in opening an orphanage in Tientsin, China and also wrote two published novels, Precious Pearl and Blossoms of the Flowery Kingdom, documenting her dangerous, harrowing experiences.

She keeps a glass of wine close by while writing love scenes, Kleenex on her desk while writing heart breakers, and has been known to empty a box of chocolates when she's completely stumped.

A consummate "pantser" and perfectionist, she writes and edits as she goes, and uses photographs of models and actors from tabloid magazines to visualize her characters.

She loves her husband of 50 years dearly, however, if Josh Holloway, Hugh Jackman, or Ian Somerhalder came knockin', well... their marriage just might be put to the test.
