 Kathleen J. Shields
 Illustrations by Aubrey Eiland

Everyone knows what a unicorn is. But do you know where they came from? Who was the first unicorn? How did he get his horn? And why did others follow the lead?

Adam is a young boy who believes that getting a unicorn will give him the best way to make back in the world. One evening, he is asked to go with his parents to get a gift for his mother.

"You cannot see or spend it. It's far better to be kind."

Yes, when he returns home that evening, the boy and his mother's neighbor and cousin are very sad but not discouraged. Adam continues to help and care for others. However, when he returns, he is asked to go with his parents to get a gift for his mother. It was that first unicorn that softened the hearts of the others and inspired them to work hard to be the best.

This is a story about Love, Acceptance, Kindness and Giving. It's the story of the First Unicorn and how God's creation would succeed at greatness!

"Anything is possible if love is what you choose. Miracles can happen if you share the good news."

The First Unicorn by Kathleen J. Shields

Almost everyone knows what a unicorn is, but do you know where they came from? Who was the first unicorn? How did he get his golden horn? And why did others follow in his footsteps?

Aden is a young horse, who believes that giving of his time and gifts is the best way to share hope in the world. One evening, he is visited by an angel who bestows a gift of gold upon his forehead, “You cannot see or spend it. It’s for others to behold.” Yet, when he returns home that evening, the herd sees the horn as a weapon and chases him away.

Sad but not discouraged, Aden continues to help and care for others. However, when his mother gets injured, he discovers his horn can perform miracles. It was that first miracle that softened the hearts of the others and inspired them to lead a God-filled life as well.

This story is about love, acceptance, kindness and giving. It is the story of the First Unicorn and how God’s creation would succeed at greatness.

“Anything is possible if love is what you choose. Miracles can happen if you share the good news.”

5 Stars: Love, Acceptance, Kindness and Giving.

'The First Unicorn' is the prequel to the Award-Winning children's masterpiece titled 'The First Unibear.'

Like with 'The First Unibear' children's imagination will soar, as the colorful illustrations bring to life, the skillfully written and inspired story. The fantasy is enchanted and the lessons taught will remain in each child's heart.

This story is about a young horse named Aden. Rather than staying with the herd, his energy and goals bring adventure and friendship to all those he meets. Aden's prayers are answered, after his mother gets injured. God blesses Aden with a remarkable gift and miracles begin to happen.

Aden becomes a leader through love, acceptance and giving. It is Aden's first miracle that softened the hearts of the others and inspire them to lead a God filled life.

I recommend this picture book for all young readers 4-10 years old. 'The First Unicorn' and 'The First Unibear' should be placed in community, church, and school libraries. I hope this book finds its ways to those children confined to hospitals and homeless shelters.

Editorial Review (Book Marketing Global Network).

Review by Peggy Marceaux: 5.0 out of 5 Stars. It is a Christian book for children. Reviewed in the United States on August 16, 2023. Verified Purchase. This is a children's book that overlays the love, kindness, and generosity of Biblical themes with Shield's messages in The First Unicorn. At first, we are introduced to a normal herd of horses, beautiful as individuals but only in that. One yearling is more loving and giving than the others, and those attributes cross species as well. After some time, God takes note of that and sends an angel down to tell him He is gifting the yearling with gold that can't be seen, but to tell the yearling that his love, helpfulness and kindness hasn't gone without God's notice. From that day on he has a golden unicorn atop his head. The herd of horses thinks him strange, and kicks him out. As he races away with his feelings hurt, because, after all his mother was a member of the herd as well, the unicorn catches on it tree limbs. Weary and thirsty, he sits beside a lake, and for the first time, sees his beautiful reflection in the water. He spends most of the rest of the book helping different species get out of bad situations. Finally, toward the end, when his mother is gravely wounded by a wolf, the herd comes to tell him to

come tell her his final goodbyes, and that's where God grants him a miracle and saves her life. Some of the horses listen to him espouse God message after that, and some do not, just as it is in the Bible. I would recommend the book to all young people, God "fearing" or not. It has some wonderful kindness, love, and generosity values to guide young people beyond the bullying phases of childhood.

Amazon Customer: 5.0 out of 5 stars A wonderful story. Reviewed in the United States on September 2, 2023. Verified Purchase. I loved this book! The story and illustrations took me to a fabulous land. The goodness comes through the pages. Somehow, I wish world leaders and politicians could read this and remind them to be kind. A children's book with meaning for adults.

Review by Reading for Fun: 5.0 out of 5 stars lovely story! Reviewed in Canada on September 1, 2023. Verified Purchase. The story is about the importance of showing unconditional love, empathy, and kindness to others, and how these virtues can contribute towards making the world a better place for everyone. I read this to my students and was able to engage them in some meaningful discussion. I would recommend the book to other teachers and parents.

Review: “Simplicity of the Purest of Heart. I had the pleasure of knowing the author when she was a child. My mind wanders back to a little girl with twinkles in her eyes who had a very active spirit and imagination. And this book is definitely proof of that. Thoroughly enjoyed the story of kindness paid forward from the eyes of a very wise 10-year-old.

So much deeper than beautiful rhymes and vibrant pictures. God answers prayers. When all seems dark and dismal, He's only a prayer away.

When bear related his story to his friends, some were awed, while others scoffed. So, it is when we try to tell others the 'good news' and spread the 'word.' Some people will be hearers only, while others will be doers. When you do a good deed, do not do so with expectations. Do it with a good heart and the purest of intentions. When others see this, they will do the same and thus start a chain reaction of goodness.

I am blown over by this beautiful book! The illustrations are amazing and the rhyming story is simply adorable. This is an inspiring story about doing nice things for others and doing it only because you want to do good. This is bound to be one of those books that everyone will want to have.”

About The Author: Award-winning author with 30+ published books, Children's Educational picture books, Tween adventure stories and Christian Inspirational Fiction.

5 Stars: Acts Of Kindness and Lessons Learned!

This bear Adventure is “Enchanting”. Beautiful bright, colorful illustrations by Aashay Utkarsh will delight children. This enchanting story told by Award Winning Author Kathleen J. Shields inspires children as they join Bear on his adventurous day outside. Bear’s act of kindness and pure heart brings him face-to-face with a magical unicorn. Bear’s woodland friends do not believe his unicorn story at first. Many lessons will be learned, including acts of kindness naturally spread to others, even if it starts with ‘The First Unibear’.

I recommend this teaching kindness picture book for all young readers 4-10 years old. ‘The First Unibear’ should be placed in community, church, and school libraries. I hope this book finds its ways to those children confined to hospitals and homeless shelters. There is even a black and white coloring book to purchase so the magic can continue.
