## **A Husband for Cordelia by Cynthia Woolf**

### **Brides Of Golden City Book 2.**

Cordelia Jameson is left alone after her brother's death. He left her with \$5000 which she knows won't last forever and she doesn't want to be alone. She wants a husband and children. She decides to become a mail-order bride and goes to Brides for the West to sign up.

David Thomas survived his sociopath wife's machinations. She was hung for attempted murder and kidnapping, though he would have divorced her in any case. He'd do anything to protect his four-year-old daughter Margie. But now that he's moved out west, he realizes he needs someone to care for Margie and he needs a wife for himself since he wants more children, too. He's vowed he won't allow his emotions to get involved, not after what he went through with his first wife.

While Cordelia is living at the boarding house, waiting for her mail-order groom, her brother's former partner, Richard Lynch, finds her. He demands the money that her brother left her. She refuses and he backhands her sending her to the floor. If not for the interference of another of the brides, he might have beat her to death.

When Cordelia leaves to marry David, she believes she's left Richard behind her. But like a bad penny, he shows up in her new town making the same demands, only this time he threatens Margie.

Cordelia knows he won't go away and even if she does give him the money, when he finds out that David is rich, he'll be back again and again, blackmailing them. He has to be stopped. Now. But how?

**A Husband for Adeline by Cynthia Woolf.**

### **Brides Of Golden City Book 3.**

Douglas Latimer lost his wife and his best friend under suspicious circumstances in a gold mine explosion. Left with a new baby and a broken heart, Douglas sends away for a mail-order bride. Adeline Brady's arrival unsettles him in ways he didn't expect. She cares for his infant daughter as if the child were her own, and looks at him with soft blue eyes, expecting something from him he knows he cannot give her after his previous wife's betrayal, his trust...and his love.

Adeline Brady traveled to 1871 Colorado from a Carson City saloon where her gambler father frequently bet her virginity on a hand of cards. He was a cheat and a liar, so she never had to pay his debt, but she needed a new life, a new start with a man who would honor and value her as his wife, not a piece of property to be gambled away. At first glance, Douglas is everything she had hoped for. Handsome. Established. Protective. But he vows to her from day one that he will never give her his heart.

When an unexpected death tears the community apart, can Douglas and Adeline conquer their fears and find happiness, or will their distrust of each other drive Adeline into the arms of another man, a rival miner who has made no secret of the fact that he will own Douglas's mine and his wife? Little do they realize he is willing to kill to claim both for his own.

### Hannah by Cynthia Woolf

#### Brides Of The Oregon Trail Book 1.

Desperate times call for desperate measures, so when Hannah Granger's little sister takes off for Oregon with a group of mail-order brides to meet her new husband, Hannah has no choice but to follow. She expects her sister to find trouble, and she does. The only thing bounty hunter Joe Stanton wants is to avoid trouble. He's tagging along on this trip to the Oregon Territory to put a little extra cash in his pocket and take a break from the hunt. The only woman he ever loved broke his heart and his last bounty cost an innocent man his life. Joe's had enough blood, death, and betrayal to last a lifetime. So why, then, does he make Hannah's secrets his own? Why does he lie to protect her? And why does the stubborn woman's dogged attempts to help him track down criminals drive him insane with worry.

Maybe because he's falling for the red-headed beauty. Maybe because if he doesn't keep her close, they'll both end up dead.

### Brides Of The Oregon Trail Book 6.

Travis MacGregor came to Oregon City to start over. Determined to put his past behind him, he believes a proper wife is all that's missing from the proper life he's always wanted. He has worked hard to establish his formal reputation as an upstanding and no-nonsense lawyer. However, the moment he meets Charlotte Taylor, he can't fight his attraction despite her unconventional, hell-raising ways.

Charlotte "Charlie" Taylor has been dressing like a man and wearing guns since her father kicked her out of the house when she was seventeen. She is perfectly happy with her life until she meets the insufferable Travis MacGregor. He claims to desire her, but how can she trust the new lawyer in town when he makes it no secret that he needs a proper wife to make his dreams come true. Charlie isn't the "proper" anything, but that doesn't stop her wayward heart from feeling things she never imagined possible.

But can he accept her as she is, or does he want her to change? To adapt? To become the proper, dress-wearing hostess of his dreams? And when the villain stalking Charlie comes to town, will the danger bring them together or tear them apart forever?

If Jared Winslow didn't have bad luck, he wouldn't have any. Forced to leave his home in Chicago or face the hangman's noose, he's supposed to lay low and stay out of trouble. He's not supposed to become a U.S. Marshall in The Nevada Territory. And he's not supposed to order himself a mail-order-bride. But Jared wants a real life. A home. A family. The Eureka City Bride by Cynthia Woolf

### **The Marshals Mail Order Brides Book 4 of 4.**

Vivien Fitzhugh gave up her Pinkerton badge to track her best friend's murderer. His last known location is Eureka City, Nevada. In order to blend in with the population of ninety-nine percent men, she needs to be married. Being a mail-order bride for the marshal fits the bill perfectly.

Marshal Reese Kelly wants to fit in with the town fathers and needs a wife. At least that's the excuse he gives for ordering a mail-order bride. What he really wants is what his parents had, kids and a happy home. Though he doesn't hold much hope for a love match.

Vivien and Reese are thrown together, each with their own agenda. Will finding a love worth fighting for be enough to change their minds?

### **5 Star Review by Linda Tonis: Member Of The Paranormal Romance Guild Review Team.**

Vivien Fitzhugh was a Pinkerton National Detective but her pursuit of justice for her best friend Jane left her with no other option but to resign. Vivien received word that Oliver Darnell, Jane's husband and the man who killed her has been seen in Eureka City, Nevada so at long last her search could finally be coming to an end, and she will have avenged Jane's death.

Vivien is well aware that if she wants to work undercover, she has to be married, single women are fair game with most of the population in Eureka being male. Vivien signed up to be a mail-order bride and was surprised when she met her intended, Marshall Reese Kelly. Reese and Vivien were pleasantly surprised when they met, he because she was beautiful, and she because what were the chances that she would be marrying a lawman.

Vivien decided to come clean with Reese and explain exactly why she was in Eureka and why she married him but that didn't deter him in the least, he was married, and he was staying married, no divorce and no annulment and surprisingly Vivien was not disappointed. What did disappoint her was the fact that she wanted to find Oliver and bring him to justice and Reese wanted her to stay home like a good little wife something she had no intention of doing.

Vivien puts herself in danger if she finds Oliver, he has already killed and won't hesitate to do so again but he is not the only one who wants her dead. Danger is coming at her from two different people and for totally different reasons, reasons you will have to discover for yourself.

Another book about the past, a place I enjoy visiting but would definitely not have enjoyed living in. Vivien is a beautiful, stubborn woman and Reese is a handsome, stubborn man so is there a chance for the two to find a common ground and find a HEA. Romance, surprises and suspense and another book in a series I absolutely love and highly recommend.

Lanie by Cynthia Woolf

### Cupids and Cowboys Book 2-12.

U.S. Marshal Ben Carleton is new to the job. He had no plans to hunt killers and thieves, but his life took an abrupt turn when his wife was murdered and he was left caring for his infant son. Alone. Ben knows nothing about caring for children, but he does know one thing...tracking a killer. And that's what he's determined to do when he arrives at the Monroe's Colorado ranch, the family that took him in when he was a boy. His intention is to leave his son in their capable hands until he does what needs to be done. Until he eliminates the evil man who killed his innocent wife.

Trouble is, a woman isn't allowed to inherit, and her father is determined to see her married. Ben's arrival is her father's answer to all of life's problems. He wants Lanie to take off her pants and spurs and settle down into domestic bliss with a Marshal who is still grieving his dead wife, hunting a killer, and has so much pain in his eyes she can barely stand to look at him. But fate has never

been on Lanie's side. To save the ranch she loves, marriage is the only option. Even as she says, 'I do', she wonders if the gorgeous cowboy vowing to love her forever will do nothing but break her heart.

**About The Author:** Cynthia Woolf is the USA Today Bestselling and award-winning author of eighty novels and novellas consisting of sixty-six historical western romances, six contemporary romances and six sci-fi, space opera romances, which she calls westerns in space. Along with these books she has also published two contemporary novella, nine boxed sets of her books and two short stories.

Cynthia loves writing and reading romance. Her first western romance, *Tame A Wild Heart*, was inspired by the story her mother told her of meeting Cynthia's father on a ranch in Creede, Colorado. Although *Tame A Wild Heart* takes place in Creede that is the only similarity between the stories. Her father was a cowboy, not a bounty hunter, and her mother was a nursemaid (called a nanny now), not the ranch owner.

Cynthia credits her wonderfully supportive husband Jim and her great critique partners for saving her sanity and allowing her to explore her creativity.
