### Connecticut Author Robert Martin Bishop!

**ABOUT THE BOOK**

"A high-fantasy account of reality as seen by one of Satan's brothers, sure to appeal to lovers of both fantasy and Christian literature."  
 —Kirkus Reviews

"I, Jeteblais becomes an almost revolutionary text. The book does not pretend to know or preach easy answers to life's struggles, nor offer comforting remarks on why evil exists. And in that alone lies the genius behind the fiction. Choosing to seek atonement for one's actions is a very personal journey fraught with self-doubt, fear, and mistrust. It is this experience which shapes who we are, and who we become. And as I, Jeteblais shows, the cleansing and redemptive power of such a quest can rival that of any evil on earth, no matter how sinister. Fans of mythology and Christian writings will surely find something to love about Bishop's groundbreaking saga."  
 —Pacific Book Awards

**ABOUT THE AUTHOR**

**ROBERT MARTIN BISHOP** grew up in the 1960s in Bristol, Connecticut, the son and grandson of Lutheran pastors. In those days, suspicion and even a quiet animosity existed between the various faiths and churches in that relatively small town. Nuns in the Roman Catholic Church across the street from Bishop's Lutheran Church were forbidden by their priests to walk on the "Lutheran side of the street." This led him to ponder how such differences could be forgiven and resolved; this, in turn, started him wondering whether Satan's angels could also seek forgiveness. After retiring first from the corporate world and then from teaching high school, Bishop was finally able to write the novel that occupied his thoughts for decades. He is presently writing the sequel to this work.

### I, Jeteblais by Robert Martin Bishop.

Building on the theme of separation and restoration that is inherent in faith, can a fallen angel achieve redemption after rebellion? Human arrogance, the Papacy, and the eternal struggle of Good versus Evil collide in this contemporary suspense novel by Robert Martin Bishop.

"I am the Rebellion!"

With these words, Jeteblais laments his decision to leave heaven and now wishes to find a way to redeem himself. He chooses a seemingly ordinary priest to hear his confession with the ultimate plan to shield mankind should Satan learn that he is exposing him and the paths by which mankind is led into evil. The priest agrees to become Jeteblais' confessor and their harrowing, suspenseful journey as Jeteblais acts as a "double agent" leads them to an explosive finish filled with Popes, fiends and fireworks.

Readers will enjoy a front row seat to Creation as well as many other Biblical and historical events. Anyone who enjoys religious mysteries, such as Dan Brown's *The Da Vinci Code*, is sure to enjoy this book.

**Review by Kirkus Reviews:** "A high-fantasy account of reality as seen by one of Satan's brothers, sure to appeal to lovers of both fantasy and Christian literature."

**Review by Pacific Book Awards:** "I, Jetebais becomes an almost revolutionary text. **Review by Sparrow-5.0 out of 5 Stars: Jetebais' Struggle to Redeem Mankind after the Fall of Lucifer.** Reviewed in the United States on August 29, 2023. Verified Purchase. I, Jetebais by Robert Martin Bishop details the depths of separation, redemption, and the eternal clash between good and evil in the heavenly realms. The story unfolds with Jetebais experiencing God's creation with people like Lucifer, Michael, Gabriel, Uriel, and Leviathan. They were given power by the Father to manifest their abilities and embrace the awesomeness of creation. Things were going so well, but only until Lucifer developed pride and plotted to overthrow the father. God sent him and his agents packing from heaven. On the other hand, Jetebais, because of his selfish desire to be completely independent, decided to leave heaven as well. To make matters worse, he joined Satan to perpetrate evil to mankind. However, at some point, seeing that his planned actions wouldn't be feasible, he felt a strong urge to confess his deeds. To achieve this, he confessed to a sleeping priest named Paul, and together, they unraveled a web of secrets, confronting the satanic forces and leaving no stone unturned. Will Lucifer and his agents come for them? Or do you think that more people will join him in the pursuit of subduing their powers? This book details all of these and more.

The main event that fascinated me was Jetebais' intricate journey to atone for his past transgressions. He was really bent on making things right again. Furthermore, the writer masterfully weaved together historical and biblical events, and this made the reader have a good comprehension of the subject. The characters' distinct personalities and roles kept me engaged. Jetebais, in all his complexity, stands as the protagonist with a mission—a mission that leads to exhilarating moments and shocking revelations. His partnership with the unassuming priest creates a dynamic duo that carries the suspenseful narrative through twists and turns, right up to an explosive climax. Speaking of the showdowns, the revelations, and the unmasking of dark forces, all of it was like a rollercoaster ride that had me holding my breath. I found myself turning pages long into the night, eager to uncover the next layer of the plot.

It was revealed in the story that Satan trusted Jetebais so much and would never imagine that he would spill his secrets to the public someday. This aspect added a unique twist to the story. In fact, the battle was like that of two friends trying to expose the awful deeds of one another. Furthermore, I love the fact that other biblical events, such as the factors that caused the fall of man, the birth of Cain and Abel, and the flood that occurred in Noah's days, were incorporated into the book. Jetebais' family background and memories of people that he met in his redemption journey were also beautiful to read.

And here's the kicker: I can't really say there's something I dislike about this book. The pacing was spot-on, the characterization was great, and the writing flowed effortlessly. It's a rare gem when a story captures your attention so completely that you don't even have time to lose focus on it. In addition, the editing of this book was exceptionally done. For these reasons, I'm giving I, Jetebais a rating of five out of five stars.

I'd wholeheartedly recommend this book to anyone who craves a riveting blend of suspense and religious intrigue. If you're a fan of tales that delve into the eternal struggle between good and evil, then this is a must-read. Prepare to be immersed in a world where angels and demons collide, and redemption takes center stage.

**Review by Gena McGlone: 5.0 out of 5 Stars. Captivating!!!** Reviewed in the United States on May 1, 2021. Verified Purchase. I got so caught up in this book that I could not put it down! Even with my limited knowledge of biblical figures, events and history, this one really sucked me in. I looked up a few things just for reference, but it really was not necessary so don't be afraid if you're not an encyclopedia of biblical knowledge. The plot will grab you and make you want to know what's going to happen next. I found myself thinking about the characters and wondering if some of the things they experienced happen in our everyday lives as well. It will definitely make you think about the world around you. I can't recommend this book highly enough. I wish it was a series because I'd love to know what happens next!

**Review by Maizyblue: 5.0 out of 5 Stars. Can All be Forgiven?** Reviewed in the United States on June 24, 2016. Verified Purchase. The eternal question of man: Is God truly forgiving? Is there anyone so evil that God's love and forgiveness is denied to that person no matter that there is true repentance? Can Satan himself be outwitted? These are the core questions at the heart of this breathtaking debut novel by the very talented Robert Martin Bishop. Be prepared to want to read "I, Jetebais" in one sitting with a dictionary and Bible close at hand. In the course of challenging his readers to rethink everything they thought they knew about Satan and his followers and the evil that stalks mankind, Mr. Bishop also challenges his readers with some scholarly vocabulary and character names that all have biblical references. Taking the time to look these names up in the Bible allows the reader to find a deeper level of richness added to an already multi-layered tale. Mr. Bishop's concept is highly original and gripping, his voice resonant and refreshing, and the walk with Jetebais himself deeply moving and intriguing.

**Review by Fred L Robbins; 5.0 out of 5 Stars. You won't be able to put it down after ten pages,** Reviewed in the United States on May 21, 2022. Verified Purchase. This is a great fiction about the war of good versus evil. It is well written and holds the reader as the author examines how possibly evil does its work. You will not be able to put the book down.

**Review by Amazon Customer: 5.0 out of 5 Stars. A Spiritual GAME CHANGER!** Reviewed in the United States on November 20, 2016. Verified Purchase. EXCELLENT! You're going to want to find out what happens at the end of the book, but you're never going to want the book to end. This book will influence your conversations, your perspectives and maybe even your dreams... forever. Be prepared to see the

world (the visible and the invisible) on a mesmerizing, unforgettable journey with Jetebais. As a bonus, Bishop is a vocabulary maven! Reading this book will undoubtedly enhance your vocabulary. R. M. Bishop is an amazing author, historian and theologian and this book is destined to make it to the big screen to become a Hollywood BLOCKBUSTER! I can't wait!

**Review by RickS: 5.0 out of 5 Stars. It is a brilliant work and extremely well written.** Reviewed in the United States on May 16, 2016. Verified Purchase. I have to admit I did not know what I was getting into when I started this book. The beginning, for some reason, was challenging until I got into it. Then the beginning made total sense. The book is captivating and hard to put down. The characters come to life and the story certainly keeps you thinking. It is a brilliant work and extremely well written.

**Review by Carlos N.: 5.0 out of 5 Stars. Wow! The most intriguing book if read in a long time!** Reviewed in the United States on April 29, 2019. Verified Purchase. This book explains so much if it were true. I kind of believe it is! I wholeheartedly recommend it to anyone of faith, and even those without faith. It will change you.

**Review by Michael L. Werner: 5.0 out of 5 Stars. Highly recommend.** Reviewed in the United States on June 2, 2019. Verified Purchase. Gripping story. The characters were believable. I felt like I knew them. Very well researched and written. I most highly recommend this book.

**Review by Tracy Jenner: 5.0 out of 5 Stars. Careful this book could challenge all you have ever believed.** Reviewed in the United States on July 15, 2016. Verified Purchase. Interesting reading. This book is bound to generate a ton of controversy as the author takes a jab at politics, religious beliefs of most faiths and other ecclesiastical truths. A must read for our times.

**Message From Author:** I grew up the "pastor's kid" in 1960's Bristol, Connecticut. There was a church on every corner representing every branch of the Christian faith imaginable. Almost every church had a school associated with it. The divisions that existed between the churches were at the very core of what defined social norms - including which side of the street you walked on.

My father chose a career in faith over being a hockey player. My father took his calling seriously. He felt he was on stage 24/7. One day out of the blue, my father took down his skates and skated with us on the pond in the park. I was amazed at his skills. Then he hung up his skates and never skated again. My father became a Bishop in the Lutheran church and eventually took an assignment at a church in Germany. My father spoke German, my mother did not.

I learned to speak German and was an exchange student in Germany. To this day I love traditions and high church rituals and ceremonies. I now live in "Horse Country" with my wife and an assortment of pets.
