Awarded 5 Stars by Editor At Book Marketing Global Network. Exciting Mystery Crime Thriller!

I am positive that Author Kathryn Lane's career as an International Finance Executive and her extensive knowledge with Latin American culture, brought Nikki Garcia (main character) to life in this exciting mystery crime thriller.

Kathryn educates her readers in the regular and famous places in Barcelona, Arabic words and phrases, Romani words, and Spanish/Catalan words and phrases. Her extensive list of characters (in the beginning of the novel) will help you relate early as the story unfolds.

Once you begin, you will not put this well written, fast paced mystery down. Chapter one begins at the airport baggage claim in Barcelona Spain. From the start, Nikki Garcia draws you into her situation and her romantic relationship with her fiancé, Eduardo Duarte, who is a Colombian citizen and medical doctor.

Let me bring you into Nikki's secret investigation in Chapter 30. Nikki is at the Barcelona Majestic Hotel.

... "Attired in a housekeeper's uniform and long black wig, Nikki looked in the mirror to make certain she had not left telltale streaks in the makeup that darkened her face and arms. Slipping on a set of glasses with heavy dark frames and lightly shaded lenses Floyd had provided as part of her disguise, she found they sat heavy on the bridge of her nose. Yet they further transformed her appearance, so she kept them on. Her last step included tucking the special mobile phone Floyd had provided into her apron pocket.

...Eduardo, in his maintenance coverall, had been watching Nikki. He called Floyd. "We're ready."

... "All clear." Nikki could just make out Floyd's voice over the phone. "I'll meet you at the service elevator."

... "Roger, roger," Eduardo responded.

... "Roger?" Nikki repeated, chuckling as they walked toward the service elevator in the hallway where the emergency stairwell was also located.

... "Where did you learn that?"

... "Floyd. He said pilots and short-wave radio operators use it."

... "Your accent makes it sound sexy," Nikki said.

...They stepped out of the elevator into the plain service hallway, Nikki pushing the housekeeping cart. Floyd opened the door to the richly carpeted hall that guests used and checked for people. When he saw no one, he motioned them through. He would serve as lookout in the hallway near the door to the emergency stairs.

...Nikki used the passkey to open the door. With trepidation, she stepped into a dim foyer and pulled the cart in behind her. Without turning a light on, she continued into a living room. She stopped cold when she heard shrieking.

...An angry cat?"

...It is at this point that I will let you discover for yourself, what is making that awful sound and how much danger they might be in?
