The Pigeon-Blood Red Trilogy!

"Edge Of The Seat Crime Thrillers"

About The "Pigeon-Blood Red" Trilogy: Each installment in this edge-of-the-seat trilogy depicts a different violent encounter between two men from different sides of the tracks, Paul Elliott, a black lawyer, and Richard "Rico" Sanders, a killer with a conscience. The two men seemingly have nothing in common but each secretly harbors a grudging admiration for the other.

The plots of the three novels serve as devices to bring the men together in ways neither could have anticipated, obliging them to join forces in an uneasy alliance against a common foe.

In Pigeon-Blood Red a loan shark tasks Rico with recovering a priceless "pigeon-blood red" ruby necklace and at the same time sending a message to the thieves. Trouble is, the necklace falls into the hands of Paul's girlfriend Evelyn, and Rico mistakenly believes she is one of the thieves.

In The Last Straw Paul and Evelyn shelter a teenage girl, a witness to a carjacking gone bad, from a hit man dispatched by a crime boss with no apparent motive. There is bad blood between Rico and the hit man, who, believing Paul and Rico to be friends, sets out to eliminate both of them.

In Rico Stays, after Rico is grievously wounded in a gun battle, his girlfriend Jean convinces Paul to let him hide out in Paul's cabin while he recuperates. Using Jean as bait, gunmen seeking revenge come for Rico. The question becomes whether he will face them alone or with help from Paul.

Pigeon-Blood Red Book 1.

For underworld enforcer Richard "Rico" Sanders, it seemed like an ordinary job: retrieve his gangster boss's stolen goods and teach the person responsible a lesson.

But the chase quickly goes sideways and takes Rico from the mean streets of Chicago to sunny Honolulu. There, the hardened hit man finds himself in uncharted territory, when innocent bystanders are accidentally embroiled in a crime.

As Rico pursues his new targets, hunter and prey develop an unlikely respect for one another.

Soon, he is faced with a momentous decision: follow his orders to kill the very people who have won his admiration, or refuse and endanger the life of the woman he loves?

Pigeon-Blood Red Book 3.

After enforcer Richard "Rico" Sanders stepped in to protect his girlfriend from a local mob boss's hot-headed nephew, all hell broke loose.

When the smoke cleared, the nephew had vanished and three goons lay dying where they'd stood. Fighting for his life, Rico was alive but gravely wounded.

Out of the hospital but not fully recovered, he needed a place to crash – a place where he wouldn't be found. A place like the cabin owned by lawyer Paul Elliott, whose life Rico had saved more than once.

Trouble was, Paul's girlfriend hadn't forgotten Rico's dark history - or Paul's fascination with him. Vengeful killers would soon be coming for him.

The only question was whether he would be ready to face them.
