Waking Up In Medellin by Kathryn Lane.

Part Of The Nikki Garcia Mystery Series. Each Book Stands Alone.

Corporate corruption is a deadly business...

As Nikki uncovers a series of mysterious deaths, she is abducted by villains. Can she outsmart her captors and live to tell the tale?

It was supposed to be a simple assignment. A straightforward corporate fraud investigation to keep Nikki Garcia's mind off the never-ending pain of losing her son.

Instead, after arriving in Medellín, Colombia, she uncovers corruption that is darker and more dangerous than anyone suspected.

Nikki is convinced that general manager Manuel del Campo's opulent lifestyle is hiding something sinister. Especially when she discovers two accidental company deaths have gone unreported.

Somehow, Nikki must gain the trust of those on the inside to find answers, while an offer from a charming doctor in Del Campo's circle to show her around Medellín is too good to refuse.

Except unraveling tightly held secrets comes at a cost, and when another company employee is found dead, Nikki is ordered to retreat to safety.

But what her enemies couldn't possibly know is that this assignment has become personal, and Nikki intends to bring them to justice.

Even if trusting the wrong person could prove fatal...

Part Of The Nikki Garcia Mystery Series. Each Book Stands Alone.

Nikki Garcia, a former fraud auditor turned international private investigator, travels to Mexico—a country where private investigators are outlawed—to find a missing child.

The parents are embroiled in a nasty custody battle, with each parent accusing the other of the girl's disappearance. It's an easy child-snatching case—right?

That's what Nikki thinks until an irreverent, marihuana-smoking homeless woman provides an eye-witness account of the girl's kidnapping. Following the witness's account, Nikki goes undercover and infiltrates a ring of dangerous human traffickers. In the midst of despair and treachery, can she find a glimmer of hope?

When the mother receives a ransom request, Nikki is already undercover with the diabolical human traffickers and her boss assumes she was purposely misled and sets out on a rescue mission.

Nikki's fiancé, fearing the forces of evil will prevail, starts his own high stakes search to rescue the love of his life. In this gripping, twist-packed journey, will he locate her before it's too late?

And what about the missing child? Who is going to save her?

Awarded 5 Stars By The Editor At Book Marketing Global Network. Exciting Mystery Crime Thriller!

I am positive that Author Kathryn Lane's career as an International Finance Executive and her extensive knowledge with Latin American culture, brought Nikki Garcia (main character) to life in this exciting mystery crime thriller.

Kathryn educates her readers in the regular and famous places in Barcelona, Arabic words and phrases, Romani words, and Spanish/Catalan words and phrases. Her extensive list of characters (in the beginning of the novel) will help you relate early as the story unfolds.

Once you begin, you will not put this well written, fast paced mystery down. Chapter one begins at the airport baggage claim in Barcelona Spain. From the start, Nikki Garcia draws you into her situation and her romantic relationship with her fiancé, Eduardo Duarte, who is a Colombian citizen and medical doctor.

Let me bring you into Nikki's secret investigation in Chapter 30. Nikki is at the Barcelona Majestic Hotel.

... "Attired in a housekeeper's uniform and long black wig, Nikki looked in the mirror to make certain she had not left telltale streaks in the makeup that darkened her face and arms. Slipping on a set of glasses

with heavy dark frames and lightly shaded lenses Floyd had provided as part of her disguise, she found they sat heavy on the bridge of her nose. Yet they further transformed her appearance, so she kept them on. Her last step included tucking the special mobile phone Floyd had provided into her apron pocket.

...Eduardo, in his maintenance coverall, had been watching Nikki. He called Floyd. "We're ready."

... "All clear." Nikki could just make out Floyd's voice over the phone. "I'll meet you at the service elevator."

... "Roger, roger," Eduardo responded.

... "Roger?" Nikki repeated, chuckling as they walked toward the service elevator in the hallway where the emergency stairwell was also located.

... "Where did you learn that?"

... "Floyd. He said pilots and short-wave radio operators use it."

... "Your accent makes it sound sexy," Nikki said.

...They stepped out of the elevator into the plain service hallway, Nikki pushing the housekeeping cart. Floyd opened the door to the richly carpeted hall that guests used and checked for people. When he saw no one, he motioned them through. He would serve as lookout in the hallway near the door to the emergency stairs.

...Nikki used the passkey to open the door. With trepidation, she stepped into a dim foyer and pulled the cart in behind her. Without turning a light on, she continued into a living room. She stopped cold when she heard shrieking.

...An angry cat?"

...It is at this point that I will let you discover for yourself, what is making that awful sound and how much danger they might be in?

Author Kathryn Lane has also written 'Waking Up in Medellin' (Book One In The Nikki Garcia Thriller Series), 'Coyote Zone' (Book Two In The Nikki Garcia Thriller Series), 'Revenge In Barcelona' (Book Three In The Nikki Garcia Thriller Series) and a short story collection titled 'Backyard Volcano: And Other Mysteries Of The Heart'.
