Pennsylvania Strange by William P. Robertson.

Witches, Ghosts & Monsters Of The Keystone State.

Rectangular in shape, Pennsylvania is 180 miles wide and 310 miles long. It consists of 67 counties and has a land area of 46,000 square miles. The spooky, deep forests covering most of the state have prompted legends of monsters like Squonk and Bigfoot. Being settled by many German immigrants, it also has a rich folk tradition that includes the belief in hex doctors and witches. The Molly Maguires, the Battle of Gettysburg, and the restless ghosts spawned by them are part of its violent past that dates back to 1681. PENNSYLVANIA STRANGE visits all corners of the Keystone State and gives an eerie glimpse of its supernatural wonders.

## The 8 Book Ghosts Revisited Series:

### Ghosts Revisited 1 by William P. Robertson.

#### Ghosts Revisited Series Book 1 Of 8.

"Ghosts Revisited" exhumes 32 chilling tales from the crypts of Pennsylvania and Western New York. Who knew that Erie Cemetery housed a vampire, or that High Hat, the Seneca Bogeyman, roams Allegany State Park to quench his cannibalistic urges? Hell hounds frequent Goodleburg Graveyard while Hotel Conneaut is home to the specter bride Elizabeth who burned to death on her honeymoon. Scarier yet, is the serial killer whose ghost resides at the Bergen House near Rochester, New York. That was where he slaughtered children and fed them to the pigs. Historic sites such as the Devil's Den at Gettysburg, the Dunkirk Lighthouse, and Eastern State Penitentiary have their share of phantoms, as well. Add in a haunted hospital, a derelict poorhouse, and a rat-infested factory, and this book becomes truly spooktacular!

**Ghosts Revisited 2 by William P. Robertson.**

**Ghosts Revisited Series Book 2 Of 8.**

In "Ghosts Revisited 2" William P. Robertson explores 28 more spooky sites in New York State and Pennsylvania. The book begins by investigating St. Bonaventure University where a Black Mass went bad. Equally eerie, a headless horseman reputedly gallops from the mist of Hollenbeck Cemetery while children's ghosts romp through Hencoop Graveyard. The Eagle Hotel in Waterford, PA is home to the vexed maid, Matilda, who in a fit of rage, set fire to the historic structure. Then, there's Cowles Hall at Elmira College that's said to have a good side and a very evil one. Skiers dressed in '70s garb still frequent the now defunct Wing Hollow Resort that's also haunted by the spirits of two workers brutally murdered there during a midnight robbery. Ghostly activity at the Lucille Ball Little Theatre is no laughing matter, either. Yes, the "2" in the title "Ghosts Revisited" isn't there by accident. Twice as many scare are waiting in the pages inside!

**Ghosts Revisited 4 by William P. Robertson.**

**Ghosts Revisited Series Book 4 Of 8.**

GHOSTS REVISITED 4 contains William P. Robertson's most intense ghost stories yet. A murder-suicide fuels an American Legion tale while a lumber baron's deal with the devil drives the Litch House legend. There are plenty of poltergeists, too, who slam doors angrily three times in succession and pin people beneath toppled furniture. Those who burned to death in tragic fires also return to cause havoc. East Otto Cemetery, meanwhile, is home to two headless specters and their ax-wielding killer. Hit-and-run victims, a murdered clerk, and a grieving mother refuse to rest after death, as well. Many incidents were told to the author by those afflicted by troubled spirits. That makes these tales more personal and ultimately more terrifying. What's revisited will make your skin crawl!

**Ghosts Revisited 7 by William P. Robertson.**

**Ghosts Revisited Series Book 7 of 8.**

Shaman, Paul Stillman, exorcises demons in Upstate New York. Nikki Carlson gets splattered with gore acting in Pennsylvania horror films. Mark Polonia has made nearly 100 of such flicks. Ghosts Revisited 7 relates their stories and some spooky folklore, too. The Storm Hag rises from Lake Erie to capsize and eat unwary sailors. On Spook Hill, cars roll backward up the rise while Delaware Road is home to a hybrid beast. And then there's the Eldred World War II Museum where ghosts come attached to donated uniforms. Union Street Station in Hamburg, New York is also a creepy place. It's haunted by Arthur, who loves to slam doors and materialize in a wave of heat.

Ghosts Revisited 8 by William P Robertson.

### Ghosts Revisited Series Book 8 Of 8.

William P. Robertson's eighth ghost story collection crackles with energy and infinite strangeness. The Effie Goodwin and Blue-Eyed Six murders, for example, spawned phantoms that will not rest. Cannibalistic monsters of Indian lore contribute their own brand of horror while the SHC death of a Coudersport doctor adds a gruesome touch. The cleaning staff of the Penn Wells Hotel in Wellsboro, PA has been spooked by shadow figures, as well. Then there's the story of Pennsylvania witches that's bound to breed nightmares. Add in a teen fated to die on her birthday, and GHOSTS REVISITED 8 will frighten long after it's been read.

**Review by BCM: 5.0 out of 5 Stars. Excellent book. Each chapter takes you on an exciting journey. Bill is a very talented writer/author.**
